▲ *FAS 50 Asset Accounting is a highly affordable, complete fixed asset management solution, which includes many software wizards to help you take control of your fixed asset inventory.*

“Keystone gets the results it wants and needs from Sage FAS. The product was easy to install and use, and it made a fast, significant impact on our fixed asset accounting processes. I’d recommend Sage FAS to anyone, especially someone needing a great solution at a reasonable price.”

Brad Gardner
Assistant VP and Corporate Controller
Keystone Education and Youth Services

Increase productivity with customizable features

- Includes customizable SmartLists for fast, accurate asset entry
- Asset templates for quick asset creation
- Group Manager easily creates and defines custom asset groups
- Group View for viewing assets within specified group all at once
- Over 20 pre-defined, automatic reports reveal the precise data needed for making fast, accurate decisions
- Includes the Sage FAS Depreciation Guide – an electronic version of the definitive resource on fixed asset management
- New Asset Wizard simplifies the creation, acquisition, and depreciation of fixed assets
- “Detail View” examines any fixed asset using the three most commonly used books on screen, as well as the location, history, notes, and disposal records for that asset – plus four additional books (for a total of seven) are just a mouse-click away
- Online Help and electronic documentation
