

LEARNING MANAGEMENT SYSTEM (LMS)

Comprehensive LMS Course Catalog

Blytheco has developed a custom Learning Management System that provides our team members with access to the latest, most relevant onboarding, process training, product education, and certifications available. With over 40 years of software innovation and expertise, we've curated and created an impactful catalog of nearly 100 courses (and growing) that are full of best practices, industry knowledge, business insight, and much more.

Easy-to-Navigate LMS Dashboard and Courses

With just a few clicks, our team members can access our easy-to-use LMS dashboard. At a glance, they may view our entire course catalog and any prerequisites, track their enrollment, course statuses and certification achievements. The user-friendly design is further enhanced with calendars and messaging features. Our LMS presents team members with an abundance of anytime learning opportunities.

- **Catalog** - Our vast course catalog includes an array of product training and certification programs, courses on internal standards and best practices, department specific training, coaching, and development classes, as well as a comprehensive onboarding curriculum for new team members.
- **Certificates** - Company and/or software publisher certificates may be issued upon successful completion of certain courses. Our LMS serves as a convenient repository for team member's certificates of achievement.
- **Resources** - Course collateral and LMS guides are stored in the LMS, so you may refresh your knowledge and leverage new features at any time.
- **Messages** - The message feature allows you to stay up-to date on the status of your courses, view grade details, review instructor feedback and more.
